

International students have full access to our comprehensive curriculum and are encouraged to integrate into all aspects of school life in the same manner as our resident students.

Students have access to English language support for all subjects and a special orientation in English on arrival in New Zealand. An ESOL facility for language support provides an excellent environment for students.

Accommodation is arranged by a homestay coordinator who preferably finds suitable New Zealand homestay families so that English language is learnt at home and school. The coordinator arranges a police vet for all families and visits them regularly as required in the "International Student Homestay Guidelines".
